6 FISHING BREAKS

LEARN IN THE CRADLE OF FLY-FISHING

SIMON Cooper established Fishing Breaks 20 years ago at Nether Wallop Mill in the Test Valley, just outside Stockbridge. Fish for ferocious blue trout on its stocked lake or learn the rudiments of river-fishing on nearby Wallop Brook. If you have mastered the basics try the one-day Introduction to River Fishing at Bullington Manor on the Test or the two-day Trout Skills Course split between lake and chalkstream. In addition, instructor Tony King runs a Saltwater School in Weymouth, offering rocky coastline and flats fishing, ideal for those preparing to go on an overseas saltwater fly-fishing trip. He also runs a speycasting course on the Test at Broadlands.
